INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Palm Springs Cemetery District
Cathedral City, California

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, and each major fund of Palm Springs Cemetery District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Palm Springs Cemetery District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

RT DENNIS
ACCOUNTANCY

Opinions

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, and each major fund of Palm Springs Cemetery District, as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis, budgetary comparison, and OPEB schedule on pages 5 through 10 and 33 through 35, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2021 on our consideration of Palm Springs Cemetery District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Palm Springs Cemetery District's internal control over financial reporting and compliance.

November 8, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

Our discussion and analysis of Palm Springs Cemetery District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2021. It should be read in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- ▶ The District's net position increased over the course of this year's operations by \$996,000.
- ▶ During the year, the District's revenue was \$2.2 million, which was more than the \$1.2 million in expense.
- ▶ Revenues were higher mostly because burial activity from Covid related deaths. There were also other increases, a 13% increase in property tax collections. However, that was offset by a decrease in interest and dividends and net losses on investments. The number of burials increased 54% and sales of interment rights increased 66%. Significant increases due to COVID-19 pandemic.

OVERVIEW OF FINANCIAL STATEMENTS

Components of the Financials Section

This annual report consists of four parts—*management’s discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two kinds of statements that present different views of the District:

Figure A-1
Required Components of Palm Springs Cemetery District’s Annual Financial Report

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District’s *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District government, reporting the District’s operations in *more detail* than the government-wide statements.

– The *governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.

PALM SPRINGS CEMETERY DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
 JUNE 30, 2021

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

Net Position

The District’s net position increased between fiscal years 2020 and 2021—to almost \$12.7 million. (See Table 1)

The net position of the District’s governmental activities increased nine percent. This was mostly because of an increase in burial related revenue from Covid deaths. There were some additional increases in property taxes as well, but that was offset a by a decrease in interest and investment losses.

Table 1

PALM SPRINGS CEMETERY DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
JUNE 30, 2021

Changes in Net Position

Total revenues, were up from F/ Y 2019-2020 due to a 56% increase in charges for services and 13% increase in property tax collections. Revenue increases were offset by a 34% decrease in interest and a net loss on investments. The number of burials increased 54% and sales of interment rights increased 66%.

Total Expenses, were up by 18%, in F/Y 2020-2021 compared to F/Y 2019-2020 mostly because of the OPEB liability adjustment in the prior year. Expenses that increased include Contract Tree/Garden Maintenance (+20%), Grave Liners & Vaults (+55%), Electricity (+27%) and Auto/Truck Expense (+619%). Expenses that decreased include Salaries (-11%), Travel (-100%) and VISA/MC Charge Fees (-13%).

FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS

General Operating Fund:

- Revenues: Total Operating Income for the FY 2020/2021 was higher than FY 2019/2020 because of burial related revenue.
 - The total revenue received from cemetery services increased by \$610,000, in part due to COVID-19. The number of services in the District increased by 54% from the level of activity in FY 2019/2020.
 - Property Tax and Intergovernmental revenue increased by \$54,000 or 15.% over the F/Y 2019/2020.
- Expenditures: Expenses were \$35,000 under budgeted levels.

PALM SPRINGS CEMETERY DISTRICT

MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
JUNE 30, 2021

Endowment Care Fund: At the end of the fiscal year the Endowment Care fund increased by \$285,367 to an ending balance of \$6,653,326, and represents an increase of 4% to the total fund. The increase was because of at-need and pre-need sales activity and interest earned on investments. Assigned funds in the amount of \$2,405,829 can be used to maintain the cemeteries.

Pre-need Fund: The Pre-Need fund increased by \$, to a total fund balance of \$181,063. This was mostly the result of the sale in the amount of \$202,792 of pre-need services.

Capital Outlay Fund: The Accumulative Capital Outlay (ACO) fund increased by \$427,669 mostly because of burial right sales of \$391,603 and transfers from Preneed Fund of \$32,178 exceeding expenditures of \$12,070.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2021, the District had a net decrease \$131,000 from last year as a result from depreciation and no new capital projects.

Table 3

	Governmental Activities				
	<i>(\$ amounts in thousands)</i>	2021	2020	\$ Change	\$ Change
CAPITAL ASSETS					
Land and construction in progress	\$	379	\$ 379	\$ -	0%
Buildings and equipment		3,547	3,547	-	0%
Accumulated depreciation		(1,988)	(1,857)	(131)	7%
Total Capital Assets	\$	1,938	\$ 2,069	\$ (131)	-6%

Long-Term Liability

At year-end the District had \$211,000 in other postemployment benefits (“OPEB”) and \$9,000 in long-term compensated absence balance. More detailed information about the District’s OPEB is presented in Note 10 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The number of interments in the District increased from 250 in F/Y 2019/2020 to 386 in F/Y 2020/2021. Much of the increase was due to the effect of changes due to COVID-19 pandemic and is expected to be temporary. The revenue from interments in F/Y 2021/2022 is anticipated to be less than F/Y 2020/2021. Charges for Interment Rights for FY 2021/2022 were increased between 2% and 8% due to rising costs to develop new sections for burials.. Burial Costs were increased for F/Y 2021/2022 because of rising costs of grave vaults and liners.

PALM SPRINGS CEMETERY DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued JUNE 30, 2021

The property tax revenue for 2020/2021 was budgeted 3% lower than the actual revenues from F/Y 2019/2020. The actual property tax revenue for 2020/2021 was \$64,427 higher than budgeted. Recent data on property sales, State Tax Revenue reports, and Riverside County Treasury reports indicate a modest increase for property tax revenues. However, tax revenues continue to be at risk due to the current State of California Budgeting process. Revenues from investments are expected to equal F/Y 2020/21 as interest rates on CDs and bonds are expected to be slightly unchanged in the upcoming year.

Capital Projects for F/Y 2020/2021 and 2021/2022:

Desert Memorial Park Road repairs with an estimated cost of \$89,355.

Ramon Road Entry/Exit Landscape Design and Plant Materials with an estimated cost of \$61,500.

New Surface Pro 7 Core i7 Tablets, Air Print, Router and two (2) E-Boards with an estimated cost of \$21,500.

Cemetery Data Base and Mapping System with an estimated cost of \$25,000.

Desertscape Interment B-39 Thru B-44 – DMP:

Construction Design Documents with an estimated cost of \$16,500

Construction Costs with an estimated cost of \$1,394,005

Chapel and Conference Center with an estimated cost of \$2,014,900.

Funds to cover the expense for these expenditures are coming from the accumulated capital outlay (ACO) fund and the endowment care interest income (unrestricted).

The District's outreach within the cities and communities in the district will continue through activities involving the Chambers of Commerce, Visit Greater Palm Springs and work with other organizations and non-profits.

Management team will focus on implementing a new Cemetery Management Software System, road improvements and adding new interments sections at Desert Memorial Park in future years

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens, taxpayers, participants, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for money it receives. If you have any questions about this report, or need additional financial information, contact Palm Springs Cemetery District office at 31-705 Da Vall Drive, Cathedral City, CA 92234.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1 - A. Financial Reporting Entity

The District was established in 1917, under the laws of the State of California, by way of acquiring the Welwood Murray Cemetery, which was started in 1894. In 1957, Desert Memorial Park was opened. The District operates under an appointed five-member Board form of government, each board member term is four years. The District provides burial services to the residents of Palm Springs, North Palm Springs, Desert Hot Springs, Sky Valley, Thousand Palms, Cathedral City, and most of Rancho Mirage. The District operates two cemeteries, Desert Memorial Park in Cathedral City and Welwood Murray in Palm Springs.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, and agencies that are not legally separate from the District. For Palm Springs Cemetery District, this includes general operations, pre-need, capital projects and endowment activities of the District.

1 - B. Discretely Presented Component Unit

Pet Memorial Park Cemetery (“Pet Cemetery”) is a legally separate, tax-exempt (501(c)(3), discretely presented component unit of the District. The Pet Cemetery is intended to be a separate, self-sustaining, not-for-profit pet cemetery. The Pet Cemetery was organized and operated exclusively for charitable purpose of raising funds from the general public and other sources to operate a pet cemetery. The seven-member board of the Pet Cemetery is self-perpetuating and consists of the District’s five board members as well as two additional members of the public. The Pet Cemetery has been authorized (through the District’s board action) an advanced in the amount of \$25,000, of which the Pet Cemetery has drawn down \$10,000.

1 - C. Other Related Entities

Joint Powers Authority (JPA). The District is associated with a JPA, the Special District Risk Management Authority (“SDRMA”). This organizations does not meet the criteria for inclusion as a component unit of the District. Additional information is presented in Note 11 to the financial statements.

1 - D. Basis of Presentation

Combined Presentation. The District is a special-purpose government engaged in a single governmental program (cemetery district). The accounting standards allow these kinds of governments to employ alternative forms of presentation that involve combining the government-wide and fund financial statements using a columnar format that reconciles the two kinds of financial data in a separate column on each statement. The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall government, except for fiduciary activities. The government-wide statements provide information about the primary government (the District) and its component units. Eliminations have been made to minimize the double counting of internal activities. The fund financial statements provide information about the District’s funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. *Governmental funds* are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include burial services, pre-need reservations, capital projects and endowment activity.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued JUNE 30, 2021

Major Governmental Funds

General Fund. The general fund is the main operating fund of the District. It is used to account for all activities except those that are required to be accounted for in another fund. In keeping with the minimum number of funds principle, all of a District's activities are reported in the general fund unless there is a compelling reason to account for an activity in another fund. A District may have only one general fund.

Pre-Need Fund is established to account for the proceeds from pre-need services (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of pre-need activities and that compose a substantial portion of the inflows of the fund. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

Accumulated Capital Outlay (“ACO”) Fund. Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). Internment rights fees/charges are deposited into this fund.

Endowment Care (Permanent) Fund. The Endowment Care Fund is used to account for resources received from endowment fees collected pursuant to Health and Safety Code §9065 that are restricted to the extent that earnings, but not principal, may be used for purposes that support the upkeep of the District’s grounds.

1 - E. Basis of Accounting

Government-Wide Financial Statements. The government-wide financial statements are reported using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Net Position should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their net asset use.

Governmental Funds. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after year-end. All other revenue items are considered to be measurable and available only when the District receives cash. Property taxes are recorded the same as what is described for Government-Wide Statements. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, early retirement and postemployment healthcare benefits and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Revenues – Exchange and Non-Exchange Transactions. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within 60 days of fiscal year-end.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

Property taxes are government mandated non-exchange transactions and are recognized when all eligibility requirements have been met.

The tax calendar is as follows:

- ❖ July 1 - Beginning of the fiscal year and delinquent Secured property taxes DEFAULT and begin accruing additional penalties of 1 ½% per month and a redemption fee.
- ❖ July - Treasurer-Tax Collector mails out Unsecured property tax bills.
- ❖ August/September - Treasurer-Tax Collector mails out Prior Year Secured property tax bills.
- ❖ August 31 - Unsecured property tax delinquent date. A 10% penalty is added after 5:00 p.m.*
- ❖ October - Treasurer-Tax Collector mails out Current Year Secured property tax bills.
- ❖ November 1 - First installment is due (Current Secured property tax) and delinquent Current Year Unsecured taxes begin accruing additional penalties of 1½% per month.
- ❖ December 10 - First installment payment delinquent date (Current Secured property tax). A 10% penalty is added after 5:00 p.m.*
- ❖ January 1 - Lien date for the establishment of ownership, value and unsecured taxes for the ensuing fiscal year.
- ❖ February 1 - Second installment is due (Current Secured property tax).
- ❖ April 10 - Second installment payment delinquent date (Current Secured property tax). A 10% penalty and cost is added after 5:00 p.m.*
- ❖ May - Treasurer-Tax Collector mails delinquent notices for any unpaid, Current Year Secured property taxes.

* If a delinquent date falls on a Saturday, Sunday or County Holiday, the delinquent date is the next business day.

The County of Riverside bills and collects the taxes on behalf of the District. The District recognizes property tax revenues actually received as reported by the Riverside County Auditor Controller.

Expenses/Expenditures. On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

1 - F. Assets, Liabilities, and Net Position

Fair Value. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Acquisition Value. The price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date, or the amount at which a liability could be liquidated with the counterparty at the acquisition date.

Deposits and Investments. The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Some short-term cash surpluses are maintained in the county cash and investments pool, the earnings from which are allocated to each fund based on month-end deposit and investment balances.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

Capital Assets. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. The District maintains a capitalization threshold of \$5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Depreciation of capital assets is computed and recorded by the straight-line method over the following estimated useful life:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings	10 – 30
Site Improvements	50 – 20
Equipment	5 – 20

Accrued Liabilities and Long-Term Obligations. All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

However, claims and judgments and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

Unearned Revenue. Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized. As of June 30, 2021 the General Fund recorded a balance of \$67,883 from unearned marker setting fees and the Pre-Need Fund recorded a balance of \$1,117,246 from unearned "at-need" burial services.

Compensated Absences. Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability, which was \$9,000 as of June 30, 2021, is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the accounts payable in the General Fund from which the employees who have accumulated leave are paid.

Fund Balance. Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification reflects amounts that are not in spendable form. Examples include inventory, prepaid items, the long-term portion of loans receivable, and nonfinancial assets held for resale. This classification also reflects amounts that are in spendable form but that are legally or contractually required to remain intact, such as the principal of a permanent endowment.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

Assigned - The assigned fund balance classification reflects amounts that the government intends to be used for specific purposes. Assignments may be established either by the Governing Board or by a designee of the governing body, and are subject to neither the restricted nor committed levels of constraint. In contrast to the constraints giving rise to committed fund balance, constraints giving rise to assigned fund balance are not required to be imposed, modified, or removed by formal action of the Governing Board. The action does not require the same level of formality and may be delegated to another body or official. Additionally, the assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned - In the general fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes. However, deficits in any fund, including the general fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position. Net Position represent the difference between assets and liabilities. Net Position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The District has related debt outstanding as of June 30, 2021. Net Position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The district-wide financial statements report \$4,247,497 of restricted net position.

Interfund Activity. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Interfund transfers are eliminated in the governmental activities columns of the statement of activities.

Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1 - G. Stewardship, Compliance, and Accountability

Violation of Investment Policies. The District had \$103,834 in corporate bonds (medium term notes) rated Baa1 by Moody's. Per the District's investment policies, medium term notes are to be rated at a minimum of "A." Additionally, the maximum percentage of mutual funds and money market fund is 20%, but the District's portfolio consisted of 51% or \$3,103,464 above the allowed threshold.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued

NOTE 2- EXPLANATION OF DIFFERENCES BETWEEN THE FUND FINANCIAL STATEMENTS AND DISTRICT-WIDE STATEMENTS

2 - A. Governmental Funds Balance Sheet and Statement of Net Assets

Total Fund Balance - Governmental Funds \$ 10,701,075

Amounts reported for assets and liabilities for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets:

In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation:

	Capital assets	4,830,256	
	Accumulated depreciation	(2,628,399)	2,201,857

Long-term receivables:

In governmental funds, only current receivables are reported. In the statement of net position, all receivables, including long-term receivables, are reported. Long-term receivables relating to governmental activities consist of:

	Property tax receivable	3,000	
	Pet Cemetery promissory note/drawdown	10,000	13,000

Long-term liabilities:

In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

	Net OPEB obligation	211,000	
	Compensated absences	9,000	(220,000)

Total Net Position - Governmental Activities \$ 12,695,932

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

2 - B. Governmental Funds Operating Statements and the Statement of Activities

Net Change in Fund Balances - Governmental Funds \$ 1,136,054

Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay:

In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Depreciation expense: (131,037)

Compensated absences:

In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amount earned. The difference between compensated absences paid and compensated absences earned, was:

2,000

Postemployment benefits other than pensions ("OPEB"):

In governmental funds, OPEB costs are recognized when employer contributions are made. In the statement of activities, OPEB costs are recognized on the accrual basis. This year, the difference between OPEB costs and actual employer contributions was:

(11,000)

Change in net position of Governmental Activities \$ 996,017

NOTE 3 – DEPOSITS AND INVESTMENTS

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

3 - D. Cash Deposits

Custodial Credit Risk. There is a risk that, in the event of a bank failure, the District’s deposits may not be returned. The District’s deposit policy requires that all deposits are covered by the Federal Depository Insurance Corporation (“FDIC”) or are collateralized as required by Statutes of the State. As of June 30, 2021, the carrying amount of the District’s bank deposits was \$1,733,355, and the bank balances totaled \$1,882,530, \$458,030 of which was insured through the FDIC.

3 - E. Interest Rate Risks, Credit Risk, Concentration of Credit, and Fair Value

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. \$7,247,033 of the District's portfolio are held by the investment's counterparty.

There is a risk that, in the event of a counterparty failure, the District’s investments may not be returned. As of June 30, 2021, of the investment balance held by the counterparty, \$500,000 was insured through the Securities Investor Protection Corporation (“SIPC”). The remaining amount was collateralized with pooled securities held by the financial institutions’ trust departments. These securities are held in the name of the financial institution and not that of the District.

Total	\$ 359,125	\$ 1,617,992	\$ 2,070,632	\$ 6,653,326	\$ 10,701,075

The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The District’s Minimum Fund Balance Policy implies a reserve (from both the General Fund and ACO Fund), consisting of unassigned and assigned amounts, equal to no less than two months of General Fund operating expenditures, or 17 percent of General Fund expenditures and other financing uses.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

NOTE 9 – RETIREMENT PLANS

The District sponsors a 403(b) and a SEP retirement plan. The plans are for full-time employees after one year of service. The contribution amount by the District is seven percent of annual gross salary. The contribution to the plans for the year ended June 30, 2021 was \$18,399.

NOTE 10 – POST EMPLOYMENT HEALTH CARE PLAN AND OTHER POST EMPLOYMENT BENEFITS (OPEB)

10 - A. Plan Description

The Postemployment Benefit Plan (the “Plan”) is a single-employer defined benefit healthcare plan administered by the Palm Springs Cemetery District. The Plan offers the following benefits

Benefit types provided	Medical only
Duration of Benefits	Lifetime
Required Service	1 year*
Minimum Age	None
Dependent Coverage	Yes
District Contribution %	100%
District Cap	Composite medical rate

*full time service in the year preceding retirement

**Employees retiring prior to age 55 are entitled to 50% of the cap for a maximum of five years

10 - B. Benefits Provided

The benefit terms provide for payment as of January 1, 2020 of \$384.78 and as of January 1, 2021 \$381.25 per month toward health insurance premiums for retirees.

10 - C. Employees Covered by Benefit Terms

Inactive employees or beneficiaries currently receiving benefit payments	2
Active employees	5
Total	7

10 - D. Total OPEB Liability

The District’s total OPEB liability of \$211,000 was measured in conformity with the requirements in GASB No. 75, paragraphs 225 and 226 for the alternative measurement method, as of June 30, 2021.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued
JUNE 30, 2021

10 - E. Measurement Assumptions and Other Inputs

The total OPEB liability in the June 30, 2021 valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate:	4.50%
Discount Rate:	2.18%
PERS Minimum Contribution Increase	2.20%

The discount rate was based on S&P Municipal Bond 20-year High Grade Rate Index. Mortality rates were based on the CalPERS Schools assumptions, which can be downloaded at: <https://www.calpers.ca.gov/docs/public-agencies-schools-assumption-methods.xlsx>

10 - F. Changes in the Total OPEB Liability

Balance at July 01, 2020	\$	200,000
Changes for the year:		
Service cost		15,000
Interest		5,000
Benefit payments		(9,000)
Net changes		11,000
Balances at June 30, 2021	\$	211,000

10 - G. Sensitivity of the Net OPEB Liability to Changes in the Discount

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using both a discount rate and health trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rates:

	1% Decrease	Current	1% Increase
	(1.18%)	Discount Rate	(3.18%)
	(1.18%)	(2.18%)	(3.18%)
District's proportionate share of the net pension liability	\$ 229,000	\$ 211,000	\$ 197,000

10 - H. OPEB Expense

For the year ended June 30, 2021, the District recognized an OPEB expense of \$11,000.

NOTE 11 – PARTICIPATION IN JOINT POWERS AUTHORITIES

The District is a member of one JPAs, SDRMA. SDRMA provides property and liability as well as workers' compensation insurance. The relationship is such that the JPAs are not component units of the District for financial reporting purposes.

PALM SPRINGS CEMETERY DISTRICT

NOTES TO FINANCIAL STATEMENTS, Continued **JUNE 30, 2021**

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these financial statements. Audited financial statements are available from the respective entities.

During the year ended June 30, 2021, the District made payments of \$33,013 to SDRMA.

The District received \$1,654 for an insurance claim settlement and \$384 for reimbursement of COVID-19 expenses.

NOTE 12 – LAND LEASE

On May 14, 1998, (subsequently extended to commence July 14, 1999) the District entered into an agreement to lease forty acres of land to Da Vall Center, LLC a California Limited Liability Company for sixty-five years with a twenty-five year option.

Guaranteed minimum rent is as follows:

- ❖ 1st eighteen months Legal fees to review lease (estimated at \$2,500)
- ❖ 2nd eighteen months \$15,000
- ❖ 4th and 5th year \$30,000 annually
- ❖ 6th and 7th year \$40,000 annually
- ❖ 8th year and thereafter \$55,620 annually

Land lease income amounted to \$68,766 for the year ended June 30, 2021. The lease provides for CPI adjustments: upward at the end of fifteen years and upward or downward at the end of each ten-year period thereafter.

NOTE 13 – PROMISSORY NOTE

On November, 10 2016, the District issued an unsecured drawdown promissory note to the Pet Memorial Park Cemetery (“Pet Cemetery”), up to an amount of \$25,000 (drawdown in \$5,000 increments) to the Palm Springs Pet Cemetery, a component unit of the District. The note matures on November 10, 2021, and an interest rate of 1.0% in the first year, up to the average rate of return on District’s investments, subsequently. The note was issued to provide start-up capital to the Pet Cemetery. Repayment requirements are that a principal and interest be made annually on November 10.

As of June 30, 2021, the Pet Cemetery has drawn down \$10,000.

NOTE 14 – LEASE AGREEMENT

On November 10, 2016 the District entered into a lease with the Pet Cemetery, where the District is leasing some of its facilities and land to the Pet Cemetery at an amount of \$1.00 per year, for a period of ten years, but may be extended to five additional years.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Palm Springs Cemetery District
Cathedral City, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, and each major fund of Palm Springs Cemetery District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Palm Springs Cemetery District's basic financial statements, and have issued our report thereon dated **November 8, 2021**.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Palm Springs Cemetery District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Palm Springs Cemetery District's internal control. Accordingly, we do not express an opinion on the effectiveness of Palm Springs Cemetery District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

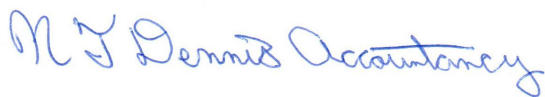

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Palm Springs Cemetery District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
